Solutions for your Ambulatory Surgery Center or Surgical Hospital!

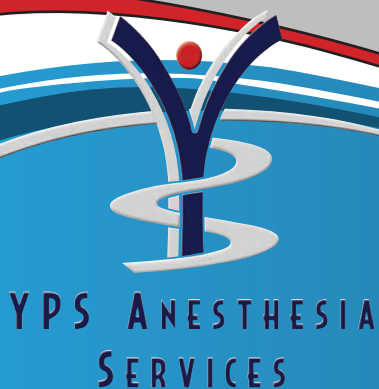

At YPS Anesthesia, we understand your anesthesia needs for your Ambulatory Surgery Center and Surgical Hospital. As a complete outsource provider of anesthesia, we will develop an anesthesia department tailored toward *your* needs. You will never have to worry about late starts or cancellations due to lack of coverage because we ensure a team of anesthesia professionals that are dedicated to *your* facility's needs.

YPS Anesthesia is familiar with the needs of Ambulatory Surgery Centers & Surgical Hospitals and prides itself on service driven safe anesthesia care. We are capable of a quick, seamless transition that is focused on the needs of the Ambulatory Surgery Center. Our management expertise ensures that all aspects of anesthesia management and staffing are handled professionally thus allowing Ambulatory Surgery Centers to focus on the core business of providing high level care.

We are at work making sure that all your anesthesia needs are met on a consistent basis so that your operation runs as smoothly as possible.

Why use YPS Anesthesia?

- Offering quick implementations
- Recruiting the best candidates
- No start-up cost
- Reducing your facility's risk
- Experienced management team dedicated to each facility
- Strict compliance of Federal and State Regulations
